Re: File No. PSIC-2022-D-0102

Dear Ms. Everall:

This letter is in response to the disclosure of wrongdoing that you made to the Office of the Public Sector Integrity Commissioner of Canada (the Commissioner's Office) on June 12, 2022, pursuant to subsection 13(1) of the *Public Servants Disclosure Protection Act* (the Act), as a member of the public. Following the review of the information you provided, the purpose of this letter is to inform you of the reasons why an investigation will not be commenced.

In accordance with the powers, duties and functions delegated to me by the Public Sector Integrity Commissioner (the Commissioner), before I may commence an investigation based on information received from a member of the public, subsection 33(1) of the Act provides that I must have reason to believe that wrongdoing, as defined under section 8 of the Act, has been committed. In that regard, it is important to note that section 8 provides that the Act applies to wrongdoings "in or relating to the public sector." I must also assess whether an investigation is in the public interest, taking into account sections 23 and 24 of the Act, which set out the restrictions and the discretionary factors that I must take into account in determining whether an investigation is warranted.

In your disclosure, you allege that the "Crown Empire" and Health Canada (HC), committed wrongdoing pursuant to the Act. More specifically, you allege that:

- "The Crown Empire has various agents [...] operating contrary to the constitution of Canada";
- "The Crown is an illegitimate, terrorist regime";
- "The Crown Empire regime is ruling by deception and force, against the will of the people of Canada";
- "The Crown Empire and its double agents have seized control of the Canadian government, courts and institutions";
- "The RCMP continue[s] to commit crimes against the people of Canada as enforcers of the Crown regime"; and
- HC is committing genocide "in Canada under the guise of the alleged Covid-19 pandemic. Neuroweapons and other forms of biowarfare are currently being used against the people of Canada."

In regard to your allegations against the "Crown Empire," subsection 2(1) of the Act defines the "public sector" and "public servant" over which the Commissioner has jurisdiction. These definitions exclude the "Crown Empire." Consequently, the portion of the disclosure of wrongdoing concerning "Crown Empire" does not concern wrongdoing "in or relating to the public sector" within the meaning of section 8 of the Act and the Public Sector Integrity Commissioner of Canada does not have the jurisdiction to deal with these allegations.

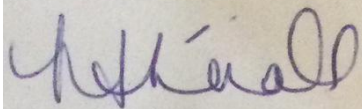

In regard to the remainder of your allegations concerning HC, no information was provided to suggest that wrongdoing in accordance with section 8 of the Act has been committed.

Paragraph 24(1)(f) of the Act provides that I may refuse to deal with a disclosure or to commence an investigation if I am of the opinion that I have a valid reason for doing so. In light of the above, I have determined that an investigation would not be in the public interest. As such, the requirements of subsection 33(1) of the Act have not been met. Consequently, an investigation will not be commenced into your allegations and your file will be closed.

I do wish to thank you for taking the time to bring these concerns to my Office. Should you have any questions about my decision, please do not
